

Case Study

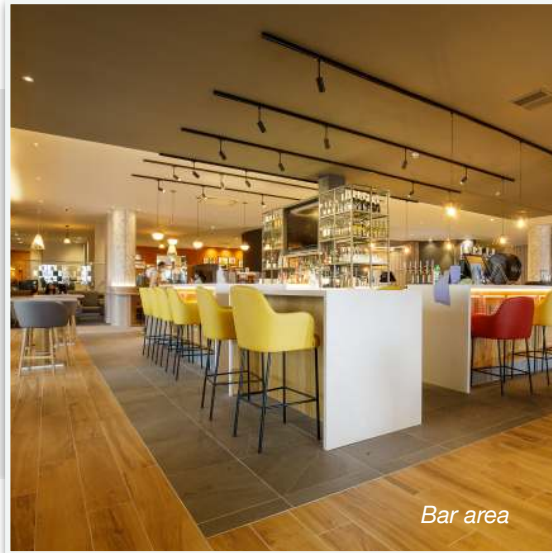

Holiday Inn, Edinburgh

Client: Ribbon Edinburgh

Location: Corstorphine,
Edinburgh

Value: £450,000

Timescale: 13 weeks

Challenge

Pacific were commissioned to refurbish the public areas of this landmark hotel (one of the largest in Scotland's capital city) while it remained operational and open to the public. As an internationally recognised brand, the materials and the end result had to compliment its standing while providing a fresh appearance.

Approach

Liaison with partner agencies was key as Pacific drew on their experience of delivering to deadline and to budget in the hospitality sector. The project was commenced at the start of May, 2021, and was handed over to the clients at the end of July – just 13 weeks later.

The project saw the completion of comprehensive makeovers of the visually striking main reception, bar, lounges and entrance. Pacific's bespoke joinery workshop fabricated the custom-designed reception desk, bar, waiter stations and storage cubicles.

Results

The Holiday Inn – which is situated at the entrance to the world-famous Edinburgh Zoo – is continuing to welcome tens of thousands of guests per year to Scotland's capital city. Travellers staying at the hotel can relax in sophisticated surroundings and a relaxed ambience, complemented by high-quality fixtures and fittings.
